SKF has a unique understanding of rotating equipment and how machine components and industrial processes are interrelated. We provide a wide range of products and related technologies to OEM and aftermarket customers around the world, in every major industry, at each phase of the asset lifecycle.

### **Bearing Technology Leaders - SKF**

DuPont offers application development assistance for a broad range of specialized polymers and finished parts.

### **Plastics, Polymers & Resins | DuPont Performance Materials**

With virtual test driving, we provide you with a test method that enables you to manage the current demands of vehicle development. According to the approach of automotive systems engineering, we support you in developing and testing systems and system networks in their entirety within the whole vehicle in realistic scenarios.
