Links. Here is a listing of sites and pointers to references which are of some particular interest to electro-acoustic loudspeaker design, to sound reproduction in small spaces and to listening enjoyment.

**Linkwitz-Links**

A core principle of technical analysis is that a market's price reflects all relevant information impacting that market. A technical analyst therefore looks at the history of a security or commodity's trading pattern rather than external drivers such as economic, fundamental and news events.

**Technical analysis - Wikipedia**

Contrastive analysis is the systematic study of a pair of languages with a view to identifying their structural differences and similarities. Historically it has been used to establish language genealogies.
