x Advances in the field of Assisted Reproductive Technologies (ART) are constantly evolving, starting from Artificial Insemination (AI) and in-vitro fertilization (IVF), to the current state of the art technologies that enable embryo biopsy for Pre-implantation Genetic Testing (PGT).

European Journal of Obstetrics and Gynecology and

People with SIADH have an excessive amount of vasopressin, leading to decreased urine production and dilution of the blood. The active substance in Samsca, tolvaptan, is a "vasopressin"2 receptor antagonist.

Samsca | European Medicines Agency

In the main study, Entresto was compared to enalapril, another medicine used for heart failure. Patients in the study had long-term heart failure with symptoms of the disease and reduced ejection fraction (the proportion of blood leaving the heart).

Entresto | European Medicines Agency

The Knowledge Database provides information on a given substance or general method of analysis and also contains information such as: the monograph's revision history; detailed information on work on-going either for a new monograph under elaboration or for a published monograph under revision with a view to being more transparent to our ...
