Feed the Future, the U.S. Government's global hunger and food security initiative, has pioneered a comprehensive approach to ending global hunger that draws on partnerships across sectors, country leadership, and a focus on achieving results.

Sustaining Feed the Future Progress | Agriculture and Food

Security is freedom from, or resilience against, potential harm (or other unwanted coercive change) from external forces. Beneficiaries (technically referents) of security may be persons and social groups, objects and institutions, ecosystems, and any other entity or phenomenon vulnerable to unwanted change by its environment.
