"The Great Escape is an eloquent and passionate description of what sickness and health look like for the world's populations and economies. Deaton's history of health and wealth offers a compelling narrative for both the general reader and academics alike. It raises a range of questions of why some countries falter, why others succeed and what can be done to close gaps between them."

### **Deaton, A.: The Great Escape: Health, Wealth, and the**

They were American and British air force officers in a German prison camp. With only their bare hands and the crudest of homemade tools, they sank shafts, built underground railroads, forged passports, drew maps, faked weapons, and tailored German uniforms and civilian clothes.
