the basis of civil law. Before looking at the history, let's examine briefly what this means. Common law is generally uncodified. This means that there is no comprehensive compilation of legal rules and statutes. While common law does rely on some scattered statutes, which are legislative decisions, it is largely based on precedent, meaning the judicial decisions that have already ...

European law, including both civil law and common law, has gone through several major phases of expansion in the world. European legal history thus also is a history of legal transplants and cultural borrowings, which national legal histories as products of nineteenth-century historicism until have recently largely left unconsidered.

The Oxford International Encyclopedia of Legal History, edited by Stanley N. Katz, is the first encyclopedia of law to provide both historical and contemporary comparisons of the world legal systems. A truly international and interdisciplinary reference work, the Oxford International Encyclopedia of Legal History covers legal history from ancient to modern times. Approximately 1,000 articles explore the traditions of Ancient Greek Law, Ancient Roman Law, Medieval Roman Law, Chinese Law ...
